STATINTL

We were very pleased to have your lovely Christmas card over the holidays. If you really did make this yourself, you are to be thoroughly congratulated. I presume that the cost for its manufacture is now carefully buried in the overhead expenses of the Project and I am glad to be one of the officiaries.

Our family was in Massachusetts for two weeks over the Christmas season having a thoroughly relaxed time in an area covered by two feet of snow. I hope to take my next relaxation in California and look forward to seeing you then.

Sincerely yours,

Albert D. Wheelon  
Deputy Director
